

INTEGRATOR PRICE LIST - NOVEMBER 2021

4th Generation HMP Players

HMP400 Players

At the core of SpinetiX's new digital signage solution lies the HMP400 Hyper Media Player. Engineered in Switzerland and made in Germany, HMP400 comes with 3 years of warranty, extendable to 5 years.

Designed specifically for signage, SpinetiX have created DSOS, a lean, high-performance and continually secured operating system that lives within the HMP400. DSOS has been designed for around the clock usage and enables multiple modes of signage use.

Other features of the HMP400 are its fanless, compact and flat-form factor design, Intel Atom processor, 4K over 60fps image processing, PoE power, HTML5 and IoT ready.
