

INTEGRATOR PRICE LIST - APRIL 2022

AV Series - Unmanaged Switches

Unmanaged Switches - Rear Facing Ports

The Luxul Unmanaged Switches are 16 and 24-port Gigabit rack mount switches featuring rear panel ports and front facing LEDs for clean integration with AV rack systems.

They provide exceptional performance, quality and reliability and are a great choice for expanding your wired network or setting up a VoIP, multimedia or extreme gaming environment.

With 32 and 48Gbps backplane, these switches let you network ethernet-enabled devices at full-duplex, non-blocking Gigabit speeds.

AGS-1016-U

£229.00

16-Port Gigabit Unmanaged Switch. 32Gbps switching capacity and is fanless for silent operation. Standard 19" rack-mount enclosure.

AGS-1024-U

£279.00

24-Port Gigabit Unmanaged Switch. 48Gbps switching capacity and is fanless for silent operation. Standard 19" rack-mount enclosure.

AV Series - Unmanaged PoE+ Switches

PoE+ Unmanaged Switches

The SW-100 PoE+ unmanaged switches are small form factor network switches, with PoE+ ports capable of Gb Ethernet connectivity.

These switches are an excellent choice for expanding your network when using PoE-enabled devices such as IP cameras, wireless access points, AV over IP device, control panels and more.

The SW-100-50PD is Luxul's 5-port PoE+ switch, but is unique as it features PoE passthrough. One of the Gb Ethernet ports allows the powering of a PoE device (pass through port) such as a camera, control interface or AV over IP receiver.

SW-100-04P-U

£99.00

4-Port Gigabit PoE+ Switch with Uplink (58W PoE+).

SW-100-05PD

£89.00

5-Port PoE+ powered Multi-Mount Gigabit Switch with PoE Passthrough.

SW-100-08P-U

£179.00

8-Port Gigabit PoE+ Switch with Uplink (92W PoE+).

INTEGRATOR PRICE LIST - APRIL 2022

AV Series - PoE+ Managed Switches

PoE+ Managed Switches - Rear Facing Ports

The Luxul AV-Series Gigabit Managed Switches feature rear panel ports and front facing LEDs for clean integration with AV rack systems. It's an excellent choice for expanding your network when using PoE-enabled devices such as VoIP, IP cameras and wireless access points.

Available PoE+ ports range from 8 to 24, whilst the larger models can also be stacked to create much larger network systems.

Auto-Recovery and Power Scheduling is a feature of all the AV Series switches, enabling your switch to reboot PoE-connected devices and trigger them to power connected devices on or off.

AMS-1208P-U
£449.00

12-Port / 8 PoE+ Managed Switch. 8 PoE+ ports with a total power budget of 130W. 2 Gigabit RJ-45 and 2 Gigabit SFP ports for easy network expansion. 24Gbps switching capacity. Layer 3 static routing. Includes rack ears.

AMS-1816P-U
£749.00

18-Port / 16 PoE+ Managed Switch. 16 PoE+ ports with a total power budget of 185W. 2 Gigabit SFP ports. Full layer 2/3 support. Variable speed fans for quiet operation. Includes rack ears.

AMS-2624P-U
£1,049.00

26-Port / 24 PoE+ Managed Switch. 24 PoE+ ports with a total power budget of 250W. 2 Gigabit RJ-45 and 2 Gigabit SFP ports for easy network expansion. 52Gbps switching capacity. Variable speed fans for quiet operation. Includes rack ears.

SW-610-24P-R-U
£1,249.00

24-Port PoE+ Managed Switch with a total power budget of 370W. 10Gb ports (aggregable up to 40Gbps) and 4 SFP+ ports. 128Gbps switching capacity provides VLAN, QoS and other management features.

10G-CAB-05
£129.00

0.5m fibre cable w/SFP+ modules designed for use with Luxul managed switches that have 10 Gigabit stacking ports. Hot pluggable.

PoE+ Managed Switches

PoE+ Managed Switches - Front Facing Ports

The Luxul XMS Gigabit Managed Switches feature front panel ports and front facing LEDs for simple connection and cable management. It's an excellent choice for expanding your network when using PoE-enabled devices such as VoIP, IP cameras and wireless access points.

Available PoE+ ports range from 8 to 48, whilst the larger models can also be stacked to create much larger network systems.

Auto-Recovery and Power Scheduling is a feature of all the AV Series switches, enabling your switch to reboot PoE-connected devices and trigger them to power connected devices on or off.

XMS-1208P-U
£449.00

12-Port / 8 PoE+ Managed Switch. 8 PoE+ ports with a total power budget of 130W. 2 Gigabit ethernet and 2 Gigabit SFP ports. Layer 3 static routing. Fanless for silent operation. Includes rack ears.

XMS-2624P-U
£1,049.00

26-Port / 24 PoE+ Managed Switch. 24 PoE+ ports with a total power budget of 370W. 2 Gigabit RJ-45 ports with 2 shared SFP ports. Layer 3 static routing. 52Gbps switching capacity. Includes rack ears.

INTEGRATOR PRICE LIST - APRIL 2022

SW-510-48P-F-U £1,949.00	48-Port PoE+ Managed Switch with a total power budget of 740W. 4 SFP 1Gb ports and 104Gbps switching capacity. Variable speed fans for quiet operation.
SW-610-48P-F-U £2,299.00	48-Port PoE+ Managed Switch with a total power budget of 740W. 4 SFP+ 10Gb ports which can be used alone or aggregated together to allow a 20 or 40Gbps throughput to another switch. Variable speed fans for quiet operation.
10G-CAB-05 £129.00	0.5m fibre cable w/SFP+ modules designed for use with Luxul managed switches that have 10 Gigabit stacking ports. Hot pluggable.

Switch Accessories

Switch Accessories	
10G-CAB-05 £129.00	0.5m fibre cable w/SFP+ modules designed for use with Luxul managed switches that have 10 Gigabit stacking ports. Hot pluggable.
10G-MM-DX-LC £179.00	10Gb multimode fibre duplex SFP+ module.
10G-RJ45 £409.00	10Gb ethernet RJ-45 SFP module.
10G-SM-DX-LC £289.00	10Gb singlemode fibre duplex SFP+ module.
10G-SM-SX-LC £429.00	10Gb singlemode fibre simplex SFP+ module.
1G-MM-DX-LC £109.00	1Gb ethernet multimode fibre duplex SFP module.
1G-RJ45 £179.00	1Gb ethernet RJ-45 SFP module.
XPE-2500-U £49.00	Single port gigabit PoE/PoE+ injector (up to 30W).

INTEGRATOR PRICE LIST - APRIL 2022

Routers & Access Points

Routers & Access Points		
	<p>ABR-5000-U £339.00</p>	<p>The Epic 5 Gigabit router offers everything you'd expect in a full-featured high performance router including gigabit networking and secure remote access. Powerful web content filtering and dual-WAN capabilities make the network smarter and more reliable.</p> <p>2 dedicated WAN and 5 dedicated LAN ports. Dual-WAN failover and load balancing. Virtual private network.</p>
	<p>XAP-810-U £219.00</p>	<p>XAP-810 delivers data rates up to 1200Mbps along with excellent wireless coverage for a world-class WiFi experience. Features leading-edge 802.11ac 2x2 dual-band technology and 5ghz beamforming.</p> <p>Unobtrusive mounting on a ceiling, wall or other flat surface. Can be used standalone or as part of a multi-AP deployment.</p>
	<p>XAP-1510-U £409.00</p>	<p>High power dual band wireless AP, combining high output power and leading-edge 802.11ac 3x3 dual-band technology with beamforming. Delivers data rates up to 1900Mbps along with wireless coverage for Wi-Fi.</p> <p>Mount on a ceiling, wall or other flat surface. Can be used standalone or as part of a multi-AP deployment.</p>
	<p>XWC-2000-U £359.00</p>	<p>The XWC-2000 wireless controller uses Luxul's exclusive Roam Assist technology to ensure active roaming of mobile client devices within wireless networks that utilise more than one wireless access point, while providing simple, centralised deployment of up to 32 Luxul APs through an easy-to-use setup wizard.</p>
	<p>XWR-1200-U £199.00</p>	<p>Featuring high performance 802.11ac 2x2 MIMO technology, the XWR-122 is an affordable option for delivering an excellent Wi-Fi experience. Plus, it has a built-in wireless controller with Luxul's exclusive Roam Assist capability - allowing you to easily add up to two more wireless APs for a seamless whole-home Wi-Fi experience.</p>
	<p>XWR-3150-U £399.00</p>	<p>Featuring advanced 4x4 MU-MIMO (Wave 2) technology, the EPIC 3 with Domotz represents the latest in Wi-Fi technology and remote management for a superior Wi-Fi experience.</p> <p>Roaming is solved with its built-in wireless controller by our exclusive Roam Assist technology - allowing you to easily add up to two more wireless APs for a seamless Wi-Fi experience.</p>
