

## INTEGRATOR PRICE LIST - OCTOBER 2023

### Amplifiers

#### PowerZone® series

A compact, dependable, and energy-efficient Class-D amplifier, PowerZone® provides easy setup and flexible configuration options.

The whole available power is automatically shared across all channels in these power amplifiers, making it simple to connect to any output in low or high impedance and share total power as you need it. These power amplifiers supply both Lo-Z (4/8 ohm) or Hi-Z (70/100V) loads on any channel.

**PowerZone®-252** | Lo-Z and/or Hi-Z: 2 x 125 W  
 £659.00

**PowerZone®-504** | Lo-Z and/or Hi-Z: 4 x 125 W  
 £879.00

**PowerZone®-1004** | Lo-Z and/or Hi-Z: 4 x 250  
 £1,099.00

#### PowerZone® Connect series 122 - 504

With PowerZone® Connect amplifiers and the PowerZone® Control web app, you can connect, configure, and control any audio system and create impressive multi-zone sound systems in minutes, both wired and wireless system access for network setup and management.

These amplifiers range have a 2 and 4-channel option that delivers between 60W and 750W per channel, some have power share of upto 250W.

**PowerZone® Connect-122** | Lo-Z: 2 x 60 W Hi-Z: 1 x 120 W, with DSP  
 £659.00

**PowerZone® Connect-252** | Lo-Z: 2 x 125 W Hi-Z: 1 x 250 W, with DSP  
 £769.00

**PowerZone® Connect-254** | Lo-Z: 4 x 60 W Hi-Z: 2 x 120 W, with DSP  
 £879.00

**PowerZone® Connect-504** | Lo-Z: 4 x 125 W Hi-Z: 2 x 250 W, with DSP  
 £989.00

## INTEGRATOR PRICE LIST – OCTOBER 2023

### PowerZone® Connect series 1002 – 3004

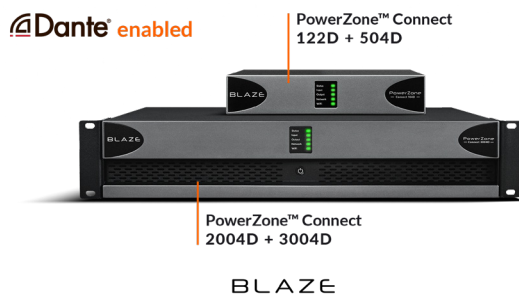

**PowerZone® Connect-1002** | Lo-Z: 2 x 500 W Hi-Z: 1 x 1000 W, with DSP  
 £1,649.00

**PowerZone® Connect-1502** | Lo-Z: 2 x 750 W Hi-Z: 1 x 1500 W, with DSP  
 £1,749.00

**PowerZone® Connect-2004** | Lo-Z: 4 x 500 W Hi-Z: 2 x 1000 W, with DSP  
 £1,979.00

**PowerZone® Connect-3004** | Lo-Z: 4 x 750 W Hi-Z: 2 x 1500 W, with DSP  
 £2,399.00

### PowerZone® Connect Dante series 122D – 3004D

With PowerZone® Connect amplifiers and the PowerZone® Control web app, you can connect, configure, and control any audio system and create impressive multi-zone sound systems in minutes, both wired and wireless system access for network setup and management.

These amplifiers range have a 2 and 4-channel option that delivers between 60W and 750W per channel, some have power share of upto 250W.

The PowerZone™ Connect amplifiers are optionally compatible with Audinate Dante™ AoIP networks and installations.

**PowerZone® Connect-122D** | Lo-Z: 2 x 60 W, Hi-Z: 1 x 120 W, DANTE.  
 £989.00

**PowerZone® Connect-504D** | Lo-Z: 4 x 125 W, Hi-Z: 2 x 250 W, DANTE.  
 £1,329.00

**PowerZone® Connect-2004D** | Lo-Z: 4 x 500 W, Hi-Z: 2 x 1000 W, DANTE.  
 £2,299.00

**PowerZone® Connect-3004D** | Lo-Z: 4 x 750 W, Hi-Z: 2 x 1500 W, DANTE.  
 £2,739.00

## INTEGRATOR PRICE LIST – OCTOBER 2023

### Wall-S1

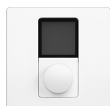

#### PowerZone® Connect series 122 – 504

BLAZE

The Wall-S1 wall-mounted PoE controller enables the remote operation of any PowerZone® Connect amplifier. Any installed system, as well as any sound zone at a site, may be easily set up, configured, and customised.

The Wall-S1 gives you the freedom to control your system from every corner of the room and can be easily configured with any Blaze PowerZone® Connect.

#### Blaze Wall-S1-W-EU

£249.00

The Wall-S1 wall-mounted PoE controller enables the remote operation of any PowerZone® Connect amplifier.

#### Blaze Wall-S1-B-EU

£249.00

The Wall-S1 wall-mounted PoE controller enables the remote operation of any PowerZone® Connect amplifier.

#### Blaze Wall-S1-W-US

£249.00

The Wall-S1 wall-mounted PoE controller enables the remote operation of any PowerZone® Connect amplifier.

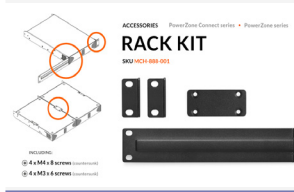

#### Blaze Wall-S1-B-US

£249.00

The Wall-S1 wall-mounted PoE controller enables the remote operation of any PowerZone® Connect amplifier.
