About TUKANS

Tukans is part of CUK Group along with another two AV distribution companies across the UK and Ireland – CUK (Glasgow), and CUK Video and Audio (Dublin).

Tukans was born out of desire by its founders, Yvonne Womersley and Andrew Popely in 2003, to find, use and tell other about innovative AV products. In the eve of 2020, TUKANS was acquired by CUK with a vision of providing a complete video, audio and control solution.

Far more than “just” a distributor, TUKANS provides customers with value added services via a team of channel managers and support staff. Our staff have a great breadth of experience encompassing all aspects of the video and audio industry.

We are happy to put this experience at your disposal, helping you grow your business and enabling you to diversify in to different market areas and applications by leveraging our knowledge.

Tukans – your technical audio visual partner.

Contact Us

Our team is available to assist you between the hours of 9.00am and 5.30pm, Monday to Friday on phone and email.

Doing Business with TUKANS

Ordering from TUKANS is as simple as it should be. Simply place your order via e-mail at sales@tukans.com and let us do the rest. All orders for stock items received before 2.00pm (Monday to Friday) are dispatched for delivery the next working day (Excludes non stock items, and extended delivery items, and “remote / off-shore areas”).

Unless you inform us otherwise, any items that cannot be immediately supplied will be placed on backorder. You will receive a weekly update on your back orders. These backorders will be dispatched as soon as they arrive in stock for delivery the next working day (Excludes non stock items, and extended delivery items, and “remote / off-shore areas”).

Tukans operates a £500.00 (Ex VAT) small order policy. Orders placed under this threshold will incur an additional charge of £10.00 (Ex VAT). This is to cover the freight cost and extra handling costs.

Tukans offers a FREE next working day delivery service (on orders over £500.00 Ex VAT) with goods being delivered before 6pm Monday to Friday. There are the following exceptions:

- Extended Delivery Items - large or heavy items may be dispatched on a 2-3 day pallet service.
- Remote Areas - The following postcodes normally receive a 48 hour service (although we will do our best to deliver in 24 hours) AB, BT, DG, FK, GY, HS, IM, IV, JE, KA, KW, KY, ML, PA, PH, SY, TD, ZE.

About Netvio

Netvio is a UK-based leader in AV hardware, networking, and software solutions, is dedicated to revolutionizing the professional installation market with cutting-edge end-to-end audio-video solutions.

With a mission is to simplify complexity in the AV industry, this is achieved through innovative software and integrated control applications that seamlessly complement a carefully curated range of top-tier AV distribution solutions.

What sets Netvio apart is their commitment to taking free integrated control to new heights. Apple and Android applications empower users to effortlessly manage their wider AV ecosystem while providing a credible alternative to more traditional control systems. Installer now have an end-to-end solution that streamlines a wide range of AV applications, making installation and operation easier than ever before.

Utilizing the latest transmission technologies, Netvio delivers unparalleled 4K60 HDR quality across various platforms, including HDBaseT and AVoIP. Purity and precision in every transmission is prioritised, ensuring that your AV experience is second to none.

Netvio, is driven by simplicity, and an unwavering commitment to lowering training barriers. The goal is to make AV solutions more accessible and value-driven, providing professionals with the tools they need to succeed in an ever-evolving, cost-driven industry.

Experience the future of AV technology with Netvio - where innovation meets simplicity for a brighter AV future.

End-to-End AV over IP Solutions

Whilst other manufacturers only provide encoders and decoders, Netvio provide everything you need to successfully deploy video content distribution solution. This includes plug-and-play network switches, configuration software, user control applications, touch screens and integration with third party devices including Sky set top boxes, popular brands of screen and projectors and even audio systems from manufacturers including Cloud and Yamaha.

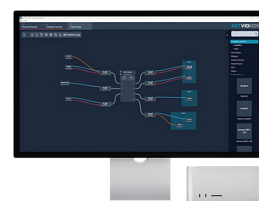

Content Distribution

4K HDR distribution over standard 1Gb networks. Dual encoders allow streaming of real time HD previews via RTSP

App Builder

Netvio's unique App Builder with user-friendly drag-and-drop workflow. Create stunning user interfaces in minutes, not hours

User App

Free system control, not only of the Netvio system but screens, set top boxes and even audio systems

Touchscreens

Tough but elegant PoE touch screens provide a home for your customised user interfaces

Network Switches

One click configuration for AV over IP operation takes all of the fear and complexity out of deploying a system

Audio Control

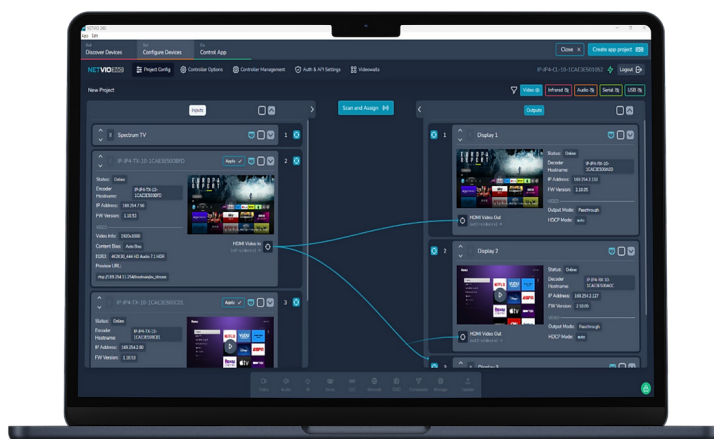

A growing number of integrations including Yamaha and Cloud allow Netvio to control your audio system.

INTEGRATOR PRICE LIST – APRIL 2025

Configuration and Control Software

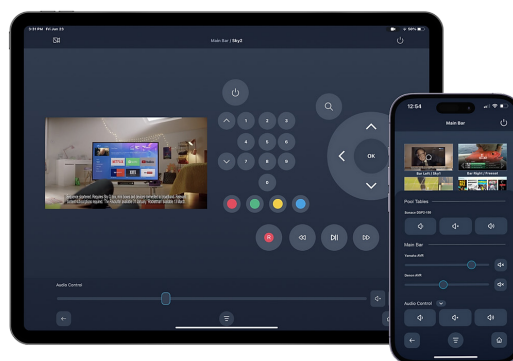

Netvio360 - Discovery and Configuration

Netvio360 is the unified configuration software for configuring both fixed matrices and AV over IP systems. It also includes the innovative AppBuilder module that allows you to create user interfaces for NetvioGO that control not only Netvio products but 3rd party hardware including screens Sky boxes and audio systems.

The software is available for both Windows and MacOS and is totally free to download and use.

NetvioGo - End User System Control

NetvioGo is a free audio and video control app available for iOS, iPadOS and Android devices. NetvioGo not only allows end users to easily select which video source is viewed in each zone but provides access to HD previews of all streams and control over set-top-boxes. Integrations with screens and projectors simplify power on and power of routines in a venue. Popular audio systems from Yamaha, Cloud and others can also be controlled from within the app.

All configuration is via the AppBuilder included in Netvio360.

INTEGRATOR PRICE LIST – APRIL 2025

Control Hardware Solutions

Touchscreen Controllers - NetvioGo Compatible

Netvio's TS-13-10 13.3" PoE Touch Panel is the ideal interface for bustling venue applications such as bars, restaurants, and dynamic work and learning environments.

Serving as a robust central control point, it offers seamless connectivity via a single network cable for both power and network, or can be utilized as a convenient Wi-Fi enabled interface.

In addition to NetvioGo, the TS-13 can also host other 3rd party control apps that run on Android OS. This allows you to provide your client with a single point of control for multiple systems.

*Shown on optional TS-MT-10 desk stand

TS-13-10

£1,307.00

13inch PoE color touch panel, Wired & wireless connection options. Includes wall mount accessories. Robust solution for high frequency applications

TS-MT-10

£93.00

Desk mount for TP-13-10 Touch Panel

INTEGRATOR PRICE LIST – APRIL 2025

AV Over IP Solutions

JP4-60-DNT - Dante AV-A - 4K 60Hz 4:4:4 Video-over-IP - 1Gbps Ethernet

Dante AV-A™

The latest JP4-60-DNT series from Netvio is one of the first products to harness the power of Dante AV-A allowing system configuration, routing and management to be handled using Dante software tools including Controller, Director and Domain Manager.

JP4-60-DNT can also operate in traditional Netvio mode. When configured in this mode, configuration and control is managed using the JP4-CL-10 controller and allows systems to be built in combination with the standard JP4-60 encoders and decoders.

4K60 4:4:4 video signals are compressed using the JPEG2000 codec with no perceptible latency or loss of quality for transmission on low cost managed 1GbE networks.

Ideal for use in environments displaying computer generated content such as control rooms, lecture theatres and commercial meeting rooms.

IP-JP460-DNT-TX-10

£998.00

1Gb PoE 4K60 4:4:4 Dante AV-A Encoder. Video, Audio, IR & RS-232 signal routing through Dante software tools. HDCP 2.2 support including compatibility with HDCP2.3 devices.

IP-JP460-DNT-RX-10

£998.00

1Gb POE 4K60 4:4:4 Dante AV-A Decoder. Supports Landscape & Portrait Video Walls upto 16x16. Connected device control via IR & RS-232, ARC/eARC capture from compatible displays.

IP-JP4-CL-10

£426.00

JP4 series centralised dual network controller - 1 required per system
Not required for systems in Dante AV-A mode.

JP4-60 - 4K 60Hz 4:4:4 Video-over-IP - 1Gbps Ethernet

This 4K60 4:4:4 solution by Netvio provides the ultimate viewing experience ideal for todays larger screen formats or close content viewing applications. Delivering pixel-for-pixel quality, JP4-60 adds faster switching, lower latency and smoother synchronized switching.

ContentPlus+ on the encoder provides a second stream using RTSP that can be sent to digital signage, recording devices and embedded in control screens including NetvioGo.

The CL-10 network controller provides a central point of control for 3rd party systems as well as NetvioGo. Setup of the system is via the free and easy to use Netvio360 software.

IP-JP460-TX-10

£715.00

1Gb 4K60 HDR PoE Encoder. Connected device control via IR, RS-232-CEC. Analog & Digital Audio encoding (including ARC/eARC routing) ContentPlus+ provides second stream via RTSP.

IP-JP460-RX-10

£715.00

1Gb 4K60 HDR PoE Decoder. Supports Landscape & Portrait Video Walls upto 16x16. Connected device control via IR & RS-232, ARC/eARC capture from compatible displays.

IP-JP4-CL-10

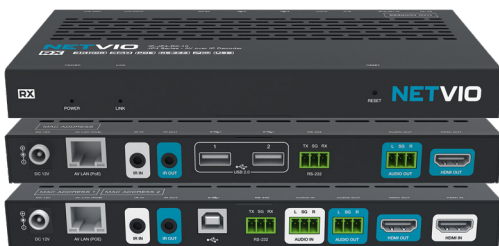

£426.00

JP4 series centralised dual network controller - 1 required per system

INTEGRATOR PRICE LIST - APRIL 2025

AV Over IP Solutions

JP4 - 4K 60Hz 4:2:2 Video-over-IP - 1Gbps Ethernet

JP4 is the original dual-encoder solution from Netvio. A cost effective workhorse for your video distribution needs.

Supporting 4K resolutions with frame rates up to 60fps, the JP4 series can distribute the highest quality broadcast across standard 1Gb Ethernet networks.

USB KVM functionality allows simple integration between touchscreens and remote PCs whilst routable IR, RS232 and CEC increase control options with Netvio's free software.

Ideal for use in entertainment and hospitality venues including sports bars and casinos where the number of screens and video sources exceed the capacity of traditional fixed matrices.

IP-JP4-TX-10

£548.00

1Gb 4K HDR PoE Encoder. Connected device control via IR, RS-232-CEC. Analog & Digital Audio encoding (including ARC/eARC routing) ContentPlus+ provides second stream via RTSP. 2 x USB Type A peripheral connection.

IP-JP4-RX-10

£548.00

1Gb 4K HDR PoE Decoder. Supports Landscape & Portrait Video Walls upto 16x16. Connected device control via IR & RS-232, ARC/eARC capture from compatible displays. USB Type B connection for KVM use.

IP-JP4-CL-10

£418.00

JP4 series centralised dual network controller - 1 required per system

Plug & Play AVoIP Network Switches

Correctly configured network switches are the most critical part of deploying a robust AV-over-IP system.

With the Netvio IP-SW range of switches, all that is required to configure the switches for use with JP4 systems is 'one touch' in Netvio360 software.

With two models that support up to 21 or 45 endpoints, most of your systems can be built using these easy to configure switches giving your client an end-to-end Netvio system.

Both switches have large PoE power supplies capable of powering all your JP4 endpoints and CL-10 controllers.

IP-SW-24P-10

£950.00

24 Port 100/1000 Base-TX, fully configured for Netvio JP4 Series. Supports upto 21 end-point devices (encoders or decoders). 3 Ports reserved for IP-JP4-CL-10 connection (2no.) & primary LAN / router (1no.). 450W PoE Capable across all 24 Ports.

IP-SW-48P-10

£2,140.00

48 Port 100/1000 Base-TX, fully configured for Netvio JP4 Series. Supports upto 21 end-point devices (encoders or decoders). 3 Ports reserved for IP-JP4-CL-10 connection (2no.) & primary LAN / router (1no.). 1440W PoE Capable across all 48 Ports.

Mounting Accessories

IP-RK-10

£307.00

6U, 19" Rack Mount for up to 10 JP4 Series Devices.

INTEGRATOR PRICE LIST – APRIL 2025

Fixed Video Matrices

4K HDMI Matrix

A 4x4 HDMI matrix that will flawlessly display impeccable 4K60 content sourced from a variety of devices, including digital signage, media servers, laptops, PCs, security systems, PTZ cameras, unified communication hubs, and cable TV receivers.

Ideal for small installations where multiple input sources need to be routed to multiple displays.

On board control is available via the NetvioGo app.

MX-H2-0404-10

£712.00

4x4 Compact HDMI matrix. 4K/60 HDR, ARC, 4K/1080p scaling, audio outputs. Netvio Control App compatible.

HDBaseT 4K HDR Matrix

Netvio HDBaseT matrix solutions are ideal for distributing centrally located HDMI video sources to multiple displays via low cost Cat6 cabling.

All models feature 4K to 2K scaling and can handle the latest HDR and Dolby Vision formats.

Configuration is via the easy to use Netvio360 software package and free end user is available using the free NetvioGo app for iOS, iPadOS and Android.

MX-HT2-0404-10

£1,664.00

4x4 | HDBaseT | 40m (70m) 4K/60 HDR | 70m (100m) 1080p | 4K/1080p scaling, ARC, mirror HDMI, Ethernet (OP 4), audio inputs, 16x8 audio matrix

MX-HT2-0806-10

£2,117.00

8x6+2 | HDBaseT | HDMI | 40m & 70m 4K/60 HDR | 70m & 100m 1080p | flexible output, audio, video & AV control matrix.

MX-HT2-0808-10

£3,569.00

8x8 | HDBaseT | 40m (70m) 4K/60 HDR | 70m (100m) 1080p | 4K/1080p scaling, ARC, mirror HDMI, Ethernet (OPs 5-8), audio inputs, 28x16 audio matrix

HDBaseT Receivers

RX-HT2-40-10

£164.00

40m 4K/60 HDR | 70m 1080p | HDBaseT receiver with 2-way IR, RS-232, PoC.

RX-HT2-40-20

£212.00

40m 4K/60 HDR | 70m 1080p | HDBaseT receiver with ARC, 2-way IR, RS-232 & PoC.

RX-HT2-70-10

£307.00

70m 4K/60 HDR | 100m 1080p | HDBaseT receiver with Ethernet, ARC, 2-way IR, RS-232 & PoC.

INTEGRATOR PRICE LIST – APRIL 2025

HDMI Extension

Cat5e / Cat6 Transmit & Receive Kits

EX-TS-400-10

£117.00

40m 1080p extender with PoC, HDMI loop-out & IR media control.

HDBaseT Transmit & Receive Kits

EX-HT2-401-10

£212.00

40m 4K Ultra HD | 70m 1080p | HDBaseT extender with 2-way IR, RS-232 & 2-way PoC.

EX-HT2-402-10

£260.00

40m 4K/60 HDR | 70m 1080p | HDBaseT extender with 2-way IR, RS-232 & 2-way PoC.

EX-HT2-403-10

£307.00

40m 4K/60 HDR | 70m 1080p | HDBaseT extender with ARC, 2-way IR, RS-232 & 2-way PoC.

EX-HT2-701-10

£402.00

70m 4K/60 HDR | 100m 1080p | HDBaseT extender with Ethernet, ARC, 2-way IR, RS-232 & 2-way PoC.

EX-HT3-4001-10

£664.00

40m 4K/60 18Gb Uncompressed | HDBaseT 3.0 Extender with eARC, 2-Way IR, RS-232 & 2-way PoC.

HDMI Audio Extension

ARC / TOSLINK Audio Extension

EX-ARC-150-10

£164.00

Extend HDMI ARC or TOSLINK optical audio from display to amplifier or receiver over 150m (96kHz) / 90m (192kHz) using standard category cable.

EX-EARC-100-10

£236.00

Extend HDMI eARC audio from display to amplifier or receiver over 100m using Cat6 cable. Uncompressed 37 Mbps capacity supports surround formats including Dolby Atmos and DTS.

HDMI Signal Management

HDMI Splitters

SP-H2-0102-10

£83.00

1x2 | 18Gb 4K/60 HDR HDMI splitter with scaling, audio outputs & EDID configuration.

SP-H2-0104-10

£117.00

1x4 | 18Gb 4K/60 HDR HDMI splitter with scaling, audio outputs & EDID configuration.

INTEGRATOR PRICE LIST – APRIL 2025

Active HDMI Cables

Active Optical - 4K - Fixed Head

EX-HC24-10

£117.00

10m | Fixed head HDMI optical | Uncompressed 18Gb 4K/60 HDR, LSZH, with ARC, CEC support.

EX-HC24-15

£140.00

15m | Fixed head HDMI optical | Uncompressed 18Gb 4K/60 HDR, LSZH, with ARC, CEC support.

EX-HC24-20

£164.00

20m | Fixed head HDMI optical | Uncompressed 18Gb 4K/60 HDR, LSZH, with ARC, CEC support.

Active Optical - 4K - Detachable Head

EX-HC24-D-20

£188.00

20m | Detached head HDMI optical | Uncompressed 18Gb 4K/60 HDR, LSZH, with ARC, CEC support.

EX-HC24-D-30

£236.00

30m | Detached head HDMI optical | Uncompressed 18Gb 4K/60 HDR, LSZH, with ARC, CEC support.

Active Optical - 8K - Fixed Head

EX-HC48-10

£140.00

10m | Fixed head HDMI optical | uncompressed 48Gb 8K/60 HDR, LSZH, with eARC, CEC support.

EX-HC48-15

£164.00

15m | Fixed head HDMI optical | uncompressed 48Gb 8K/60 HDR, LSZH, with eARC, CEC support.

USB3.2 Extension

Cat5e / Cat6 Transmit & Receive Kits

EX-USB3-100-10

£474.00

100m (331ft) USB3.2 Gen1 5Gbps Extender over Category Cable
